NEVEON

The Future of Foam

OUR PRODUCTS IMPROVE LIFE FOR PATIENTS AND CARERS ALIKE

Our products create wellbeing with regard to patient care in hospitals, nursing and domestic homes. Three **kirea** product groups are formed by anti-decubitus and care mattresses, customized positioning aids and

accessories. Moreover, new product developments are constantly aimed at improving the environments and conditions for both patients and carers. With NEVEON you have a strong partner at hand.

TOP QUALITY FOAMS, MODERN PRODUCTION AND A WEALTH OF EXPERIENCE

On this basis we develop with **kirea** individual products for the care sector and as one of the world's leading foam manufacturers we can select from a diversity of materials. For example, our high-quality polyurethane foams stand out due to their long service life and excellent comfort characteristics. Furthermore, in close personal consultations with our customers we are continually

expanding our product range. First class purchased items such as hygienic covers supplement our **kirea** portfolio and guarantee a high degree of cleanliness and safety. The covers are easy to clean, extremely elastic, breathable and impervious to fluids and germs. We are pleased to produce individual mattresses and positioning aids according to customer requirements and offer support in all care areas.

OUR **kirea** PRODUCT RANGE IN OVERVIEW

We manufacture a variety of care and anti-decubitus mattresses for optimum nursing comfort. For whether as basic products or complex set-ups these facilitate differing patient positions. Our positioning aids include seat and wheelchair cushions for the correct posture, headrests for supine and prone

positions, various leg splints and individually manufactured products. In addition, we offer hygienic covers, evacuation sheets, side rail protection and fall mats. In fact, your call is all that is needed for teamwork on perfect product solutions. We are looking forward to it.

kirea INDIVIDUAL PRODUCT SOLUTIONS FOR EVERY TYPE OF CARE

Our **kirea** products improve the lives of patients and persons in need of care in hospitals, nursing and domestic homes. They also possess quality and a high degree of safety, which make the tasks of carers easier. We offer a range of special products and in addition provide support during the selection and development of suitable, complete solutions.

kirea.deku-star-xd

Our high-quality and durable **kirea.deku-star-xd** anti-decubitus system is employed in every care field. The open-cell **foam.hybrid** in Y4825 XD reduces perspiration, while the 7-zone cube cut ensures excellent comfort and good adaptation to the shoulders and hips. This ensures perfect comfort for the patient.

kirea.deku-duo

Both sides of our top-quality reversible mattress have been optimized for a particular application. The side with viscoelastic foam is suitable for anti-decubitus prophylaxis and therapy, while the high-resilience foam side offers excellent resting comfort for every type of hospital and nursing home care.

kirea.deku-trio

The **kirea.deku-trio** anti-decubitus system is supplied with a mattress and two wedges. Modular design supports various positioning techniques and thus simplifies the work of the care personnel especially in hospitals, palliative care institutions and rehabilitation centers.

INDIVIDUAL SOLUTIONS

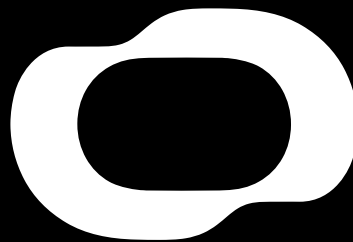

We respond to customer requests with flexibility and our vast expertise. Furthermore, detailed exchanges of experience with users and an extensive foam portfolio make us the ideal partner for the equipping of care facilities.

WE ARE NEVEON

We develop products that enhance the lives of people around the world. As a specialist for innovative and sustainable foam solutions we pursue fresh approaches and are passionate about future-oriented ideas.

We offer exceptional flexible and composite foams for the vast diversity of applications provided by our Living & Care, Mobility and Specialties business units.
