NEVEON

The Future of Foam

PERFECT FOAM SOLUTIONS FOR UPHOLSTERED FURNITURE FROM TRADE TO INDUSTRY

The furniture industry, trade and commerce all belong to NEVEON's traditional business areas and we are proud of our long-term customer relationships. We regard the excellent cooperation with competent part-

ners as being extremely important and for our part, support it with a range of services. We are the perfect people to contact for customized cuts and complex furniture concepts.

TOP QUALITY FOAMS FOR MAXIMUM COMFORT

We offer a broad spectrum of high-grade cushioning materials, which are matched to the individual needs of every single customer. **foam.classic** incorporates materials ranging from 15-60 kg/m³. Moreover, pure luxury is achieved with our high-resilience **foam.comfort** (25-70 kg/m³). Our foams meet the

stringent demands of the furniture industry and are employed in upholstered furniture, corner seats, stools and other furnishings. We also offer converting customers a comprehensive **benea** product range of top quality and matching services. NEVEON is your partner for excellent for all the comforts of home.

benea BRAND FOAMS PROMISE UNIQUE COMFORT AND SAFETY

As a leading foam manufacturer, we have a focus on the future demands of the market and develop foams with supplementary functions. For example, for the public sector we offer foams with flame-retardant characteristics that meet the strictest European and international fire standards. This strengthens our position both during tendering and in the premium segment.

MODERN TECHNOLOGIES FOR BLANKS AND FULL-SERVICE PERFORMANCE

The imagination of our customers can run free, as our development and prototyping specialists always find the ideal solution for upholstered furnishings in both the living and dining areas. We are pleased to assist in the design phase and help our clients to create unique furniture. With our vast experience, we can meet any requirement with regard to comfort, design and functionality, and we also provide consulting during

the selection of the perfect choice of foam. We offer various levels of production from blocks and sheets, to individual cuts and complex concepts, which are matched to customer needs. As a system supplier, we are happy to take over the service of white upholstery and manufacture custom-made furniture for you from wood, fleece and our high-quality foams. We look forward to working with you!

FOAM.PROTECT

Our product range includes standard and high resilient foams, which meet British Standard fire protection requirements. In addition, our special foam fulfills the strictest European and international norms and is therefore suitable for use in the public domain.

FOAM.COMFORT

This range consists of anatomically suitable materials with exceptional comfort characteristics. For upholstered furniture we offer in particular the top quality high-resilience foams of this line. Enjoy perfect comfort.

FOAM.HYBRID

By combining them with special additives, we raise our high-quality **foam.hybrid** foams to a new level and combine the properties of different foam families. Our latex infused foam gets its special character through the combination with latex.

OUR FOCUS ON SUSTAINABILITY

We replace already up to 20% of the raw materials used in **foam.comfort** und **foam.classic** with replenishable substances. The addition of cellulose fibers improves the moisture management of the foam and is thus ideal for sleeping areas.

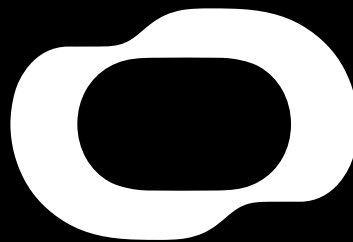

WE ARE NEVEON

We develop products that enhance the lives of people around the world. As a specialist for innovative and sustainable foam solutions we pursue fresh approaches and are passionate about future-oriented ideas.

We offer exceptional flexible and composite foams for the vast diversity of applications provided by our Living & Care, Mobility and Specialties business units.
