NEVEON

The Future of Foam

OUR SUPER LITTLE HEROES FOR HANDICRAFTS, THE HOUSEHOLD AND CLOTHING

Thanks to their precisely coordinated characteristics, foams are suitable for a wealth of applications. We manufacture household sponges in every color and type from velvety-soft to abrasive. With their excep-

tional tensile strength our foams for polishing disks cannot fail to please, while those inside safety footwear enhance wearer comfort. In fact, when foam is the answer, NEVEON is your partner!

PROFIT FROM OUR LONG-TERM EXPERIENCE

The possible applications for our foams are limitless. We have long-term experience in many branches and take pleasure in cooperating with our customers on the development of perfect product solutions. Our range includes diverse foams for polishing disks, paint rollers, stamps, all types of

sponge and use in clothing and shoes. With our advanced processing and finishing technologies we provide product solutions that meet the demands of our customers to perfection. Our know-how can be your success! We look forward to working with you.

moiro WHEN OUR FOAMS PROVE THAT ALL THAT GLITTERS IS NOT GOLD ...

On the one hand, our foams delight with their intrinsic values and on the other, depending upon the application, can range from silky-soft to hard. However, what they all share is a long service life and outstanding tensile strength. Moreover, if requested our foams can shine with powerful, iridescent colors that transform any household sponge into a highlight!

WITH OUR LOVE OF DETAIL, EVERYDAY PRODUCTS TURN INTO EYE-CATCHERS

As one of the world's largest foam producers, we offer an extensive range of materials with differing area weights and pore sizes. It is the perfect coordination of these parameters that lends your products the desired haptics and functionality. Our foams are able to absorb and emit liquids in targeted fashion, glide gently over the skin, or eradicate

irregularities in car paintwork with their hardness. We supply our **moiro** solutions as blocks, sheets, rolls or as ready-made items in line with customer requests, which in fact are always our number one priority. Not just with regard to product characteristics, but also unusual color-intensive designs that are bound to attract consumers.

moiro POLISHING DISKS

Our polyester foams with a hard, abrasive surface are ideally suited to polishing disks and paint rollers. They are tear-resistant, can be rinsed out and used frequently, offer a long service life and convince during professional paint jobs and surface treatments.

moiro CLEANING SPONGES

Our **moiro** range for cleaning sponges glows in stunning colors and fulfills customer requirements through differing pore sizes and area weights. The exceptional absorptive capacity of our foams makes them suitable for numerous uses.

FOAM WITH MOISTURE REGULATION

Our unique foam regulates moisture. The high-quality foam ensures a pleasantly dry climate owing to the integration of cellulose particles and stands out not only during comfort applications, but also when used in footwear and clothing.

UNLIMITED DIVERSITY

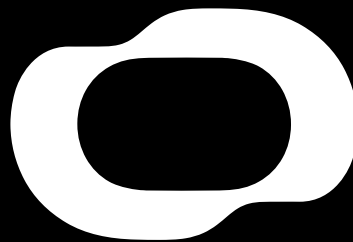

Is your application missing from our overview? No problem! Whenever foam could prove useful, we develop a perfect product solution with the customer. We always look forward to exchanging ideas and the resultant teamwork!

WE ARE NEVEON

We develop products that enhance the lives of people around the world. As a specialist for innovative and sustainable foam solutions we pursue fresh approaches and are passionate about future-oriented ideas.

We offer exceptional flexible and composite foams for the vast diversity of applications provided by our Living & Care, Mobility and Specialties business units.
